

Wednesday November 4th 2009

Session ID	Time	Title	Presenter oral/stationed by poster during poster session
Registration	09:00	Registration and coffee	
Welcome	10:00	Wellcome	Claus Kern-Hansen
1-O		Session: National Overview	Convenor: John Cappelen
1-O1	10:30	From observations to climatological informations	Claus Kern-Hansen
1-O2	11:00	The Climate Data Centre of Deutscher Wetterdienst (DWD)	Dr. Frank Kaspar
1-O3	11:30	Climate Data Processing at DWD for the NKDZ (Nationales Klimadatenzentrum)	Johannes Behrendt
1-O4	12:00	Data Integration and long-term Planning of the Observing System as a cross-cutting Process in a NHMS	Christian Haerberli
	12:30	LUNCH	
2-O		Session: Data management	Convenor: Claus Kern-Hansen
2-O1	13:30	Monitoring weather and climate in the Cyprus Meteorological Service	Dr. Filippos Tymvios
2-O2	13:50	Data Management at DMI	Ellen Vaarby Laursen
2-O3	14:10	Tasks and tasks's progress of the CCL working group on Climate Data Management including Metadata	Denis Stuber
2-O4	14:30	Current state and future developments of data management system for climate research and tailored information services purposes in SEE-VCCC/RHMS	Vladimir Djurdjevic
Poster intro	14:50	Poster introduction (1 min/each)	Same as Session 7-P
	15:00	COFFEE BREAK	
3-O		Session: Databases	Convenor: Ellen Vaarby Laursen
3-O1	15:30	The new observational database at DMI	Lars Hansen
3-O2	15:50	The challenges of a Metadata database	Lars Hansen
3-O3	16:10	Metadata of the WMO WIS	Sandor Szalai
	16:30	End of sessions	
Tour	16:45	Optional 1h tour of the DMI Forecast Services Department (same building)	
Ice-breaker	18:00	ICEBREAKER (DMI Kantine, same building)	
	19:00		

Thursday November 5th 2009

Session ID	Time	Title	Presenter oral/stationed by poster during poster session
4-O		Session: Quality Control	Convenor: Ole Einar Tveito
4-O1	09:00	How to communicate quality information?	Solfrid Agersten
4-O2	09:20	Cancelled	
4-O3	09:40	SwissMetNet: operational quality control on raw data of the new automatic meteorological ground-based network of Switzerland	Dr. Barbara Landl
4-O4	10:00	Towards semi-automation of manual precipitation data quality control at MeteoSwiss using spatial information	Dr. Simon Scherrer
	10:20	COFFEE BREAK	
5-O		Session: Quality Control	Convenor: Dr. Peter Bissolli
5-O1	10:50	The Austrian DQC Process – achieved and intended developments	Wolfgang Lipa
5-O2	11:10	Status and Performance of automated non-real time quality control methods (Qc2) within KVOSS	Paul Eglitis
7-O1		Session: Climatological data	Convenor: Sandor Szalai
7-O1	11:30	HISTALP - Historical Instrumental Time series for the Greater Alpine Region	Dr. Ingeborg Auer
	11:50	POSTER SESSION, authors stationed at posters:	Convenor: Sandor Szalai
7-P1		Design and functionality of the new climatological database at DMI	Hanne M. Jensen and Kirsten Rajakumar
7-P2		The data quality control chain for automatic surface observation data at MeteoSwiss	Deborah van Geijtenbeek
7-P3		Using satellite data to improve the interpolation of monthly sunshine duration	Daniel (Dan) Hollis
7-P4		Automated Quality Control of Marine Observations at the UK Met Office	Nicky Scott
7-P5		Web-based Clima data Collection	Shona Hogg
7-P6		A new Observing System MMS (Meteorological Monitoring System)	John Penman
7-P7		New satellite-derived climate monitoring products for the Arctic	Dr. Frank Kaspar
7-P8		From manual to automatic precipitation measurement	Kenan Vilibic
	12:30	LUNCH	
6-O		Session: Breaking News	Convenor: Claus Kern-Hansen
6-O1	13:30	Overview of ECSN activities	Aryan van Engelen
6-O2	13:50	WMO Regional Climatological Centres (RCCs)	Dr. Peter Bissolli
6-O3	14:10	New in ECA&D	Else van den Besselaar
6-O4	14:30	EUMETGRID - High resolution gridded climate dataset for Europe	Ole Einar Tveito
	14:50	COFFEE BREAK	
Plenum	15:20	Workshop session: Major Challenges in datamanagement at NMHS	Convenor: Claus Kern-Hansen
	17:00	End of sessions	
Dinner	19:00	Workshop dinner: El Tapeo, Peder Hvitfeldts Stræde 15, 1173 København K	

Friday November 6th 2009

Session ID	Time	Title	Presenter oral/stationed by poster during poster session
8-O		Session: Products & tools	Convenor: Dan Hollis
8-O1	09:30	SAFIR GIS: Where did lightning strike?	Hans Van Hauteghem
8-O2	09:50	Climate Data Management - an ongoing challenge (also at DMI...)	John Cappelen
8-O3	10:10	Monthly grids of corrected precipitation	Mojca Dolinar
	10:30	COFFEE BREAK	
Wrap up	11:00	Wrap up	Claus Kern-Hansen
Close	12:00	Closing session	Claus Kern-Hansen
	12:30	Goodbye (grab a wrapped sandwich to go)
